

SHINY CLEAN POOL®
SLOW DISSOLVING CHLORINE TABLETS

Instructions for use

Add 2 tablets for every 50m³ of water every 5-7 days (depending on weather conditions & operating conditions). Tablets should be placed directly in the pool filters or skimmers. In case of using a special tablet chlorinator, follow the instructions of the chlorinator manufacturer. Free chlorine should be maintained at 1-3ppm.

Composition: Trichloroisocyanuric acid (99.5%), Boric acid (0.5%).

Preferably use before 1 year from the date of purchase.
